Thank you for asking us to bring our bodacious bivalves to your shellebration!

We stand strongly by our guest count estimates and ask you to trust our six years of professionalism in oyster bar catering to bring the right oyster volume to your event.

We estimate 3-6 oysters per person and understand that some guests will have zero and many will devour a dozen. Our chargrilled oysters are always a crowd favorite!

Regardless of how many picky eaters, vegans, vegetarians, pescatarians or libertarians are at your event, we will dazzle your entire squad with our sensational shuck 'n jive!

***Prices INCLUDE sales tax and service charge/gratuity.
Please anticipate a one - two hour service window for your oyster experience.***

*Fine Print : *Prices are an estimate and may change due to market rate of seafood and/or whether you are a pain in the sass.*
